LONG-LASTING BLOOMS

IN CHINESE, LILY MEANS
FOREVER IN LOVE

BLUE RIBBON WINNER
2011 SAF

Twinkle, twinkle little orange stars! Don't under estimate the power of these wee lilies – they make a BIG IMPACT! A constellation of show-stopping soft orange to light cantaloupe color blooms!

SIZE AND ABUNDANCE: Loaded with 3 to 3.5 inch blooms, these specialty lilies are sometimes referred to as a "spray lily" because of the tremendous quantity of blooms per stem. They are also occasionally described as a "micro-lily" because of their petite bloom size.

LASTING: Outstanding vase life up to 14+ days. Buds will open progressively over a period of days — remove blooms past their prime.

BUNCHES: Standard bunch size: 10 stems. Also available as Consumer Bunches.

CARE & HANDLING: Upon arrival cut stems and place into a clean container with fresh, tepid water with fresh flower food solution. Remove any foliage below the water. Keep in cool location out of direct sunlight and drafts. Replenish water as needed.

FARM FRESH: Cocotte Lilies are sustainably grown in our hoop houses. The cool and mild coastal California climate is ideal for producing thick, sturdy stems and brilliant color.
